Introduction

Our mission is to connect the world's professionals to enable them to be more productive and successful.

Your Privacy

FOR BELIEVERS ("FOR BELIEVERS") is committed to protecting the privacy of our site visitors, customers, and candidates. The FOR BELIEVERS team members are customers themselves of other Internet sites and fully appreciate and respect the importance of privacy on the Internet. We will not disclose information about our customers and candidates to third parties except where it is part of providing a service to you - e.g., to connect brands with potential partners like distributors, agents, franchisers, and retailers, carrying out credit and other security checks, and for customer research and profiling purposes, or where we have your express permission to do so. To search candidates for companies, we present CVs, portfolios, and references.

Your Consent

We will not sell your name, address, e-mail address, or personal information to any third party without your permission, but we cannot be responsible or held liable for the actions of third-party sites from which you may have linked or been directed to the FOR BELIEVERS website.

Communication & Marketing

If you visit our website, we may occasionally update you on our latest brand portfolio, news, and job offers via e-mail, post, and telephone. You will also be given the opportunity to receive such communications from us when you become a customer, relation, candidate, or business partner of FOR BELIEVERS.

All FOR BELIEVERS contacts have the option to receive marketing communications from us and/or selected third parties. If you do not wish to continue to receive marketing from us and/or selected third parties, you should click on the "unsubscribe" link in any email communications we might send you.

Protecting Your Security

We may use company information provided by you to do a credit check reference before we start working for a company. This credit check is not performed, and your credit rating is unaffected.

Disclosures of Your Information

We may disclose your company information to our partners we cooperate with or any of our affiliates of FOR BELIEVERS in other territories. We may also disclose your personal information to third parties in the following situations:

- In case we search potential partners for our customers.
- In case we connect candidates with brands/companies for recruitment activities.
- If FOR BELIEVERS sells or buys any business or assets.
- If FOR BELIEVERS or substantially all its assets are acquired by a third party, in which case personal data we hold about our customers may be one of the transferred assets; or
- If we are under a duty to disclose or share your personal data to comply with any legal obligation, or to enforce or apply our terms of service, or to protect the rights, property, or safety of FOR BELIEVERS, our customers, or others. This includes exchanging information with other companies and organizations for fraud protection and credit risk reduction.

Third Party Sites

Our site may contain links to and from the websites of our partner networks, advertisers, and other third parties. If you follow a link to any of these websites, please note that they have their own privacy policies, and we do not accept any responsibility or liability for these policies. Please check these policies before you submit any personal data to these websites.

Checking Your Details

If you wish to verify the details you have submitted to FOR BELIEVERS, you may do so by contacting us via the e-mail address or address given below. Our security procedures mean that we may request proof of identity before we reveal information. This proof of identity will take the form of your e-mail address and password submitted upon registration. You must therefore keep this information safe as you will be responsible for any action, we take in response to a request from someone using your e-mail and password. We strongly recommend that you do not use the browser's password memory function as that would permit other people using your terminal to access your personal information.
